Education

University Department, Rajasthan Technical University Kota

BTech in Information Technology

07/2021 – 07/2025

Kota, Rajasthan, India

Experience

Full Stack Developer Intern

Dooper.in

05/2024 – 07/2024

Kota, Rajasthan, India

- Developed and managed databases, implementing efficient data fetching and storage mechanisms.
- Utilized AI/ML techniques for symptom checking, enhancing healthcare application's functionality.
- Contributed to the development of RESTful APIs using Node.js and Express.js.

Technical Content Writer

Tutorialspoint.com

07/2023 – 10/2023

Remote

- Contributed articles in Python language.
- Authored technical articles on Python programming, enhancing the user engagement on platform's educational content.
- Worked with the SEO team on articles ranging from 800 to 3000 words, adhering to a zero-plagiarism policy.

Projects

Full Stack Ecommerce Application

using MERN stack

04/2024 – 05/2024

- Developed a full-stack eCommerce application using the MERN stack, implementing a robust product catalog, user authentication, and payment processing features.
- Acquired proficiency in seamless integration of React front-end with Node.js and Express back-end APIs, alongside effective data management with MongoDB.
- Developed expertise in creating scalable and high-performance web applications, emphasizing state management and user experience optimization.

Realtime Document Collaboration Tool

live updates and seamless multi-user interactions using Socket.IO

11/2023 – 01/2024

- Created a real-time document collaboration tool using Socket.IO, enabling synchronous editing and updates similar to Notion or Google Docs.
- Implemented collaborative features such as live text editing, user presence tracking, and simultaneous document interactions, ensuring seamless multi-user experiences.
- Gained expertise in real-time communication protocols and web socket integration to enhance user engagement and efficiency in collaborative environments.
